

## Telopea hybrid 'Essie's Gift'

### AMAZING COLOUR

**Origin:** NSW, Australia

**Species:** hybrid

**Protection Status:** PBR protectable

Full sun

Full sun/part shade

Height 1m

Spread 1.5m

### Features:

- A unique low growing, compact form of waratah
- Stunning impact created by beautiful deep pink flower heads
- Prolific displays of blooms held on short arching stems throughout spring

### Suggested Uses:

- Spectacular low growing displays of bright colour
- Make a statement with an unusual low native hedge
- Perfect for medium to large containers
- Enjoy indoors in cut flower arrangements

### Water Requirements:

Low once established. Provide deep soaks during periods of extended heat.

### Care:

Enjoys most aspects but protect from harsh westerly exposure. Thrives in fertile well drained soils. Prune by one-third after flowering to maintain shape and vigour and to encourage further flowering flushes. An application of slow release fertiliser formulated for natives in autumn and early spring is beneficial.
