

Press Release July 2013

Photo Competition Celebrates 'Limelight'

Plants Management Australia (PMA) is delighted to announce a photographic competition allowing consumers to share in \$3000 worth of prizes. The competition gives Australians the chance to put their own gardens in the limelight by sharing photographs of one of the nations favorite plants – Acacia 'Limelight'.

Commencing on the 1st September 2013 and running for 12 months, the competition will reward the best photograph each month. All 12 winners will receive a \$250 gift voucher to the garden centre of their choice.

Acacia 'Limelight' is famed as the original and best dwarf Acacia cognata on the market and still sells strongly after over 10 years in the marketplace. Bred by renowned native experts at Native Plant Wholesalers in South Australia it remains a popular choice for contemporary and traditional gardens alike due to its versatility. Its compact form, lush lime green foliage and easy-care nature are hallmarks of its success. 'Limelight' remains popular around the country for its impressive decorative impact.

Photographs of Acacia 'Limelight' may either be of the dwarf form or the striking new grafted standards.

Consumers may upload their photographs to www.pma.com.au to enter. For further details and full terms and conditions visit www.pma.com.au
