

# PMA Welcomes Curnow

Press Release September 2012

**Plants Management Australia is delighted to announce the appointment of Anthony Curnow as Support and Development Manager effective from September 3rd 2012.**

Anthony brings over a decade of horticultural experience to the PMA team. Anthony is looking forward to directing his passion, knowledge and skills into coordinating PMA's national greenlife distribution network PrimeStarters™ in addition to further developing product support and communications.

PMA is delighted to welcome Anthony to the company and believes his dedication and enthusiasm to the industry fits well with their business philosophy. Speaking of the appointment Managing Director Chris Sargent said "We are very pleased to have Anthony joining our team. He has that rare combination of experience and knowledge along with a thirst for success that will undoubtedly see our network flourish."

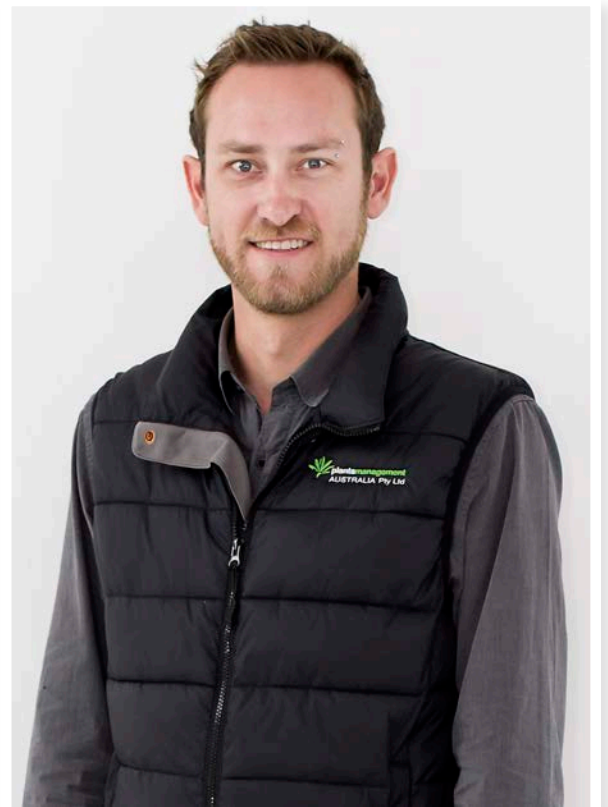

Following his graduation from the University of Melbourne's Burnley College, Anthony's impressive background spans experience in working at the RHS Wisely Plant Centre in the UK, and gaining qualifications in both Training and Assessment and a Certificate from the Melbourne Business School. Most recently Anthony has revitalized the Education and Training Program for the Nursery and Garden Industry Victoria. Adding to his travel experience and commitment to volunteer work, Anthony recently undertook a long distance walk through the Californian wilderness to raise much needed funds for Melbourne based charity Whitelion.
