

ALYOGYNE

'NINBELLA PURPLE'

FANTASTIC HARDY PLANT

Another wonderfully garden-worthy Australian native, *Alyogyne* 'Ninbella Purple' boasts flower reminiscent of a purple hibiscus and blooms almost continuously from late spring, through summer and well into autumn. It is fast-growing, evergreen and low maintenance. It is beautifully suited to mixed borders, fitting in comfortably with either exotics or other native plants - making it a very striking yet versatile addition to any garden.

FEATURES

- Dense, upright medium shrub
- Hairy, lobed leaves, greyish-green in colour
- Dark purple hibiscus-like flowers from late spring, through summer and well into autumn
- Tolerates extended dry periods
- Frost hardy

USES

- Mixed borders
- Native gardens
- Low maintenance gardens

CARE

Low water requirements once established. Once flowering has finished prune hard to encourage new growth for next season's display. Will handle most conditions in well drained to moist soils.
