

## Corydalis 'Blue Line'

### METALLIC BLUE FLOWERS

**Origin:** France

**Species:** hybrid

**Protection Status:** PBR Protectable

Full sun/part shade

Height 40cm

Spread 60cm

Containers

### Features:

- A long and prolific display of spur-shape, metallic blue flowers produced from spring through autumn
- Ornamental, soft fern-like foliage
- Ideal for bright colour in low light areas

### Suggested Uses:

- Ideal for contemporary container displays
- Planting around shaded pathways, water features and ponds
- Small or narrow spaces

### Care:

For optimum results plant in a moist but well drained soil. Mulch well to help retain moisture and apply a slow release fertiliser in spring.

Protect from hot afternoon sun. Pruning not generally require other than to tidy if needed
