

## Hemerocallis 'Stella Bella'

### GOLDEN FLOWERS

Full sun Frost Hardy Drought Tolerant Height 40cm Spread 40cm

### Features:

- Golden yellow flowers produced on long stems
- Remarkable ability to bloom and re bloom for up to six months of the year
- Evergreen, strap-like foliage
- Hardy, beautiful, reliable

### Suggested Uses:

- Striking when grown in informal clumps
- Scatter throughout perennial borders
- Attractive and eye catching display when mass planted
- Cover for low maintenance areas

### Water Requirements:

Low. Drought tolerant – will benefit from an occasional deep watering during extended dry periods.

### Care:

Choose a full sun location as shade will diminish flower production. No pruning required although removing spent flower stems will encourage further flushes.
