

Salvia 'Wendy's Wish'[®]

A PROUD SUPPORTER OF
MAKE-A-WISH[®] AUSTRALIA

LONG FLOWERING

Origin: Victoria, Australia

Species: *Salvia buchananii* hybrid

Protection Status: PBR protected

Full sun

Full sun/part shade

Height 80cm

Spread 80cm

Features:

- Large, vibrant magenta flowers right throughout the warmer months
- Tubular flower capped with a colourful calyx which remain some time after flowering extending interest even longer
- Mid-green foliage is dense and lush, complimented by dark maroon stems
- Discovered by a local Salvia enthusiast

Suggested Uses:

- Mass plant in drifts for stunning, low maintenance displays
- Water wise garden designs
- Large containers
- Mixed borders
- General garden use

Water Requirements:

Low. Quite dry tolerant once established requiring only an occasional long soak during extended periods of heat.

Care:

Grows well in most soil types but thrives in fertile, well drained soils. Trim off around one third of size after flowering to maintain shape and encourage a dense, bushy habit. An application of slow release fertiliser in spring will be beneficial.
