

## Wisteria

# 'Amethyst Falls'<sup>®</sup>

### MASSES OF FLOWERS

**Origin:** USA

**Species:** *frutescens*

**Protection Status:** PBR Protected

Full sun

Part shade

Height 3m

Spread 2m

## Features:

- Impressive masses of deep lilac flowers
- Flowering begins in spring with repeat flushes throughout summer
- Compact habit - ideal for highlighting fences, walls and arbors without engulfing the structure

## Suggested Uses:

- Train to climb fences, trellises and walls
- Trail over embankments and slopes
- Japanese or oriental style gardens
- Large decorative containers

## Water Requirements:

Medium. Dry tolerant once established, needing only an occasional long during extended periods of heat.

## Care:

A light trim following flowering and an annual feed of slow release fertiliser in early spring will ensure neat healthy growth.

**Multi Award Winner!**
