

ARMERIA
Dreameria[®]
 COLLECTION

Bred for the global market the Dreameria Collection is a range of new Armerias boasting masses of large, globe-shaped blooms neatly held atop sturdy upright stems. The Dreameria Collection has been refined thanks to a ten year breeding program creating tightly mounded, dry tolerant plants to suit rockeries and coastal conditions. With a range of extraordinarily vibrant colours and rigid stems make for stunning, long lasting cut flower displays. The low maintenance, tough nature of this collection makes it an ideal range for use in contemporary architectural settings to complement the modern home garden, and high traffic public spaces.

FEATURES

- Masses of globe-shaped blooms with main flush in spring
- Variety of eye-catching vivid flower colours
- Tight mound of ornamental foliage
- Dry tolerant once established
- Frost tolerant
- Wind tolerant and suitable to coastal areas

USES

- Plant in the forefront of garden beds
- Low borders and edging
- Beautiful container displays
- Rockeries and coastal areas
- Mass plant as a great ground cover
- Cut flowers last well for indoor displays

CARE

Low to medium water requirements. Tolerates dry spells but will appreciate a soak during extended dry periods. Remove spent flower heads to encourage further displays. Fertilise in late winter for optimum results.

ORIGIN: PGA Innovabred // **SPECIES:** *psedarmeria hybrid* // **PROTECTION STATUS:** PBR Protectable
