Foxy Baby

The Tibouchina Fantasy Flower Collection is the result of a 30 year breeding program by Australian plantsman Terry Keogh. Famed for their dwarf form and superior cold tolerance, all four plants in the collection are able to be grown from Queensland right down through the cooler southern states. Making terrific impact in containers, choose the colour that's right for you and enjoy making a real statement in your garden or outdoor room this season.

FEATURES

- Sheer walls of beautiful blooms
- Large flowers for the 'wow' factor
- Bred for height and maximum impact
- Heavy flowering in a range of colours
- A compact form that is hardy to grow

USES

- Statement 'traffic-stopper' plant
- Mixed garden beds
- Create garden impact with colour
- Fast results for new gardens

CARE

Grows well in most soil types that are well draining. Feed in early spring with a slow release fertiliser for best results. It requires low water maintenance once established. Will benefit from an occasional deep soak during periods of extended heat.
