

Armeria 'Bee's Ruby'

EDGING AND CONTAINERS

Origin: Victoria, Australia

Species: *Armeria alpina*

Full sun

Height 15cm

Spread 30cm

Edging/borders

Features:

- A delightful clump forming evergreen plant with gorgeous round blooms
- Deep cerise coloured flowers cluster together to impressive round globes
- Tall stems hold flowers high above foliage
- Flowers last well for cut posies

Suggested Uses:

- Colourful borders and edging
- Bright addition to rockeries and gravel style gardens
- Containers and baskets
- Cut flower arrangements
- Plant towards the front of garden beds to maximise impact

Water Requirements:

Low. Dry tolerant once established. An occasional deep watering through periods of extended heat will maintain good performance.

Care:

A full sun position in well drained soil is recommended. Removing spent flower heads will encourage further displays. Feed with a slow release fertiliser in spring according to manufacturer's directions.
