

LAVANDULA

Radiance FAIRY WINGS

ENCHANTING COLOUR

Everyone will adore Lavandula Fairy Wings Radiance - bred to be compact, fragrant and free-flowering, Fairy Wings Radiance will bring a little magic to every garden, with striking blooms set above their scented foliage, its an ideal choice for small containers, courtyards or pathways and planted either en masse or individually. Easily cared for and dry tolerant, it would be difficult to find a radiant pink lavender to suit any garden.

FULL SUN

CONTAINERS

DRY TOLERANT

HEIGHT 70CM

SPREAD 70CM

FEATURES

- From the breeders of 'The Princess Lavender' Innovabred
- Smaller inflorescence bodies with long ribbon-like bracts held above the foliage
- Excellent cold tolerance in Australian trials

USES

- Ideal for paths, entrance ways and entertainment areas where the aroma can be appreciated as well as the flower colour
- Low hedging
- Sensory and children's gardens
- Container planting

CARE

Plant in a sunny location in well draining soil. A light prune after the main flowering flush will encourage a bushy habit. A boost of slow release fertiliser in late summer/early autumn will optimise performance.

ORIGIN: Victoria, Australia // **SPECIES:** *Pendunculata* // PBR Protectable
