

## Magnolia 'Cameo'

### EXCEPTIONAL FLOWERS

**Origin:** New Zealand

**Species:** *Magnolia soulangeana* hybrid

**Protection Status:** PBR Protectable

Full sun

Height 3m

Spread 3m (guide-after 10 years)

### Features:

- Outstanding flower power with long lasting displays in spring and summer
- Elegant reddish-purple sculptured flowers with rounded form
- Small tree with a fantastic compact form
- Heavy flowering variety

### Suggested Uses:

- Excellent feature plant
- Great in the garden or a large container
- Elegant and eye catching display for summer entertainment areas

### Water Requirements:

Average. Prefers a deep freely draining soil rich in organic matter ton retain moisture.

### Care:

Prefers full sun for at least half a day. Plant in a well composted soil. Mulch well to provide a cool root zone and keep the root ball moist during the first season. Prune after flowering if desired. Full sun for at least half a day.
