

Pennisetum macrostachyum

'Purple Fountain'

BRILLIANT COLOUR

Species: *macrostachyum*

Features:

- Exceptionally showy - dense, ornamental clumping grass
- Long, arching bronze/burgundy leaf blades
- Eye catching purple-pink feathery plumes sit above the foliage
- Hardy and durable. Will tolerate a variety of conditions

Suggested Uses:

- Decorative pot specimen for a unique look
- Mass plant for stunning displays of colour and movement
- Accent plant in perennial garden beds
- Difficult sites – will tolerate high winds, high humidity and heat
- Coastal zones, poolsides, roadsides, car parks, median strips.

Water Requirements:

Dry tolerant once established. Will benefit from the occasional deep watering during periods of extended heat.

Care:

Grows well in most soil types that are well draining. Prefers a full sun location. For best results feed in spring with a slow release fertiliser.
